Frank Yellam's Memorial Luncheon

Many years ago, Frank Yellam started a gathering of Cleveland High School alumni for lunch at the SeaTac Marriott Hotel. They met on the first Tuesday of April, August, and December. They have lunch and spend time reminiscence (reminiscing about) their high school days. The Marriott provides the room and parking for our gathering. I was invited to attend a luncheon at the Marriott and enjoyed the gathering.

When Frank passed away, they asked for a volunteer to continue the luncheon and I took on the assignment. This year we will meet on April 7th, August 4th & December 8th, at 11:00 and lunch is served at 11:30. You will order from the menu. We have the Room for 2 hours and the parking is paid by the Marriott.

Please feel free to join us for lunch.

A Piece of History Preserved of Good Ole' Cleveland High School

By Jackie Hoggatt, Class of 1960

My name is Jackie Jones Hoggatt and I graduated from Cleveland in 1960. I attended the UW and became a teacher, moved to Kent where we lived for 45 years, raised my two children, recently followed our daughter and grandchildren to Gig Harbor where we live now. We also spend our winters in Palm Desert but didn't miss all the snow as we come home for Christmas.

On the day of our 45th Cleveland reunion, my daughter called to ask me what the name of my high school was. They lived in Kenndale and remodeled that house so my son-in-law liked to visit a place in Seattle that sold old stuff from torn down homes. On that particular visit that

day he found the bleacher seats from the remodel of Cleveland High School. He bought about 1000 feet of the seats and brought it home. They had used seats from Bainbridge High remodel for their floor boards in their Kenndale house. They had no idea what they would be doing with the Cleveland seats. Soon after this they purchased a home in Lakebay on the Key Peninsula near Gig Harbor. Soon the remodeling began again.

Once they finished their new kitchen they were ready to complete new floors throughout the rest of the house. The bleacher seats are nice and thick, straight and about 20 feet long. The sides are cut so they butt together. They require little maintenance. Once they are down, they are nailed with some old, strong nails that are sunk into the wood. Of course, the old bolt holes are still visible. They've chosen to leave those exposed. Our 6 year old grandson loves that as he puts flags in the holes when playing with his "army men" or Star Wars Legos.

I think it's weird but they love it this way. These boards were very clean and only a little sanding was required to get the gum and words off. They had leftover boards so the carpenters planed more down to use to make their arches around the doors, do the stairway, and fix a coat area with bench in their entry. I've included photos of the floor, the entry, and the arch. Pretty neat to know we have a little personal history in their home, although I don't remember ever sitting in the bleachers in the gym. Not even sure if the seats were in the old school or the addition of the newer gym built after I left Cleveland. They did get a framed photo of the school in the purchase of the seats but it has been lost in the move and remodeling. If it ever surfaces, I understand it may be the lost photo that hung in the old office and we will donate it back to Cleveland. I hope you enjoy my story and the photos of a strange twist of fate.

**CHSAA Golf Tournament Update:
Pre Golf Dinner August 6, 2009, 6:00PM
Golf Tournament August 7, 2009**

Start Time: 11:30 AM@West Seattle Golf Course

Hello All Alumni,

We are excited to announce our 1st Annual CHSAA Pre-Golf Dinner on Thursday, August 6th at 6:00 PM. Have some good food, good company, and a fun time socializing with your classmates. Sid Ko owner of the South China restaurant, is hosting this event. For only \$25 you receive a 5-course dinner and a portion of your donation goes to support our CHSAA scholarship fund. A silent auction will also be a part of this memorable evening.

President's Message

I hope you enjoy the new layout for this issue's new look. We try to make fonts a bit larger and put in more stories from your fellow classmates. We are always looking for your stories to be published.

Please be aware that, we as an association like to provide the newsletter to all our alumni, but like all things, the cost of printing and mailing out the newsletter keeps going up. Starting with our next issue, our donation for the newsletter will be going up to \$15.00. Many of you donate more than that for the cost of running the association. We note that in our Eagle 100 section. I thank you for your donations and support of our scholarships and grants programs for good ole' Cleveland High!

If you would like to submit a news article for our next publication, the next newsletter will come out in July. Deadline for the next issue will be June 10th.

Please submit any reunion information as soon as you can so we can publish it for you in a timely manner, don't forget, we also put all the same information on our Website, which is listed at the top of the front page and on the last page of the newsletter. Email to: chsaaboard@gmail.com

Eagle Happenings:

Former Eagle is Honored by Ryther Child Center

Fritz Tarrach, Class of 1965

Article submitted by his wife: Patty Tarrach

Fritz graduated from Cleveland High School in 1965 and after graduation from college Fritz worked first as a house staff and then as a teacher at Ryther Child Center for 40 years. When he retired in June of 2008 the Ryther School was renamed The Tarrach Education Center. There was a dedication ceremony in October of 2008 at Ryther. Fritz's family, and many friends were in attendance. Also, very special, a favorite teacher and friend through the years from Cleveland High School, Mr. Gerald Gribble, attended the ceremony along with a former student and current and past Ryther Staff. Fritz is an avid gardener, currently attending the Master Gardener class, enjoys kayaking and birding and is thoroughly enjoying his retirement from teaching.

Frank Tarrach at
Tarrach Education Center.

After Cleveland

Ed O'Brien, Class of '65

Three months after graduating I joined the USAF and made military medicine a 25yr career. After retiring in May 91 I went back to college and earned two degrees, one of which is in Medical Admin. In Feb 98 I totally retired (age 52 and two months) and have been playing ever since. went in the AF in Sep 1965 and got my wish: to be a medic, which I was my entire career. I advanced quickly and became supervisor of junior medics in various areas of the hospital ranging from Emergency Services, to Clinics, and

Nursing Units.

In May 1968 I married a gal from Sealth HS. She stood beside me my entire career, and gave us three wonderful children, and eight grandchildren (she didn't get to see the last five). I retired from the AF in 1991, at Hill AFB UT, and worked various jobs. In October 1993 we moved to McMinnville, OR to help my wife's parents. Her dad eventually lost his battle with cancer. While there I returned to college and earned my degrees. I worked as a Quality Assurance Advisor for three medical clinics in the Portland area.

In August 1997, while enjoying a wonderful Saturday evening ride on our Honda Gold Wing traveling thru Woodburn OR, I lost my wife of over 29yrs. An elderly woman didn't see us at an intersection and collided with our motorcycle. The next day I signed my lovely wife over to the Oregon Donor Program.

I too was injured from the accident and didn't return to work until December 97. Through the ordeal I had learned the most important lesson in life: THERE IS NOTHING ON THIS PLANET MORE POWERFUL THAN LOVE !!!!!!!

I, like many men, had overlooked this fact for many married years....and I regret it still to this day. After returning to work (in Feb 1998 I decided to totally retire) I eventually met another love and we married in 2001. GOD HAD BLESSED ME YET AGAIN

We lived for a time in Vancouver and bought our 5 acre "Chalet in the Woods" in July 2001. To my fellow Cleveland HS alumni.....from the 1920's to present.....I say to you this:

Be thankful for what you have, what you have had, and for the love you enjoy!!!

Stewardship Report to Members

By Alison W. Sing '64 and JoAnn Victor Smith '56

It is remarkable that the alumni association is now entering our 14th year of serving our membership and our alma mater. At our Annual Meetings each year, the board reports to our membership on the activities of our organization and listens as our members share questions, concerns, and ideas for making our organization better. However, these annual sessions only focus on what has transpired in the past year and a look toward the next year.

At the close of 2008, we had an opportunity to examine our financial and membership records spanning the past thirteen years since our alumni association was founded. The result of this joint examination is a new report, "Stewardship Report to our Membership." This nine page narrative report along with the fourteen pages of statistical and financial documentation is being posted on our alumni association's web site at <http://www.clevelandalumsea.org>.

Here are some interesting facts derived from this examination of our donor history, our membership base and financial record:

- ⇒ For the ten year period from 1999-2008, we received \$193,348 in donor contributions or an average of \$19,33 per year.
- ⇒ During the same period, there were 1,277 individual member donations.
- ⇒ 831 of the 1,277 donors gave less than \$99 or \$24,756 (12.5%).
- ⇒ There were 444 Eagle 100 Club members who donated at least \$100 or more for a total of \$168,591 (87.2%).
- ⇒ Using our newly adopted "Levels of Recognition" classification; we have the following results:

219 Bronze Eagles	\$27,545
151 Silver Eagles	\$44,888
46 Golden Eagles	\$29,965
26 Platinum Eagles	\$39,253
3 Diamond Eagles	\$16,940
1 Special Honors	\$10,000
- ⇒ During the past ten years, we raised \$10,000 from our Golf Tournament and \$12,000 from a State matching grant for our Scholarship Endowment Fund. It now totals \$30,055 and growing. We have awarded 33 scholarships totaling \$61,595.
- ⇒ We just completed our Certificate of Deposit "Ladder of Investment" with \$64,458 invested in 12 individual CD's.
- ⇒ When we examine our aggregate expenses vs. revenue for the entire thirteen years. We posted donor contributions of \$270,683. After deducting for expenses (\$168,482) and our current bank balance (\$104,724); we end up with a net positive difference of \$2,523 or 0.93% of our total donor contributions.

(Note: From 1996-1998, detailed donor records are not available; however we received \$27,895 in total contributions during this period).

- ⇒ Our administrative expense approximate 7% and 9% if we include the board related expenses; compared to many other nonprofit operations, we are well within acceptable national standards for charitable organization.
- ⇒ On the operational side, scholarship program (37%), Alumni newsletters (37%), Programs/ Special Events (15%), and Web Site (2%) take up the balance of our expenses to date.

Our report also summarizes where our giving is coming from in terms "class years" and "by decades". Take a look at the supporting documentation for this information.

When we look at our membership data for the same period; our current membership rolls with valid addresses totals roughly 7,800+. However, when you breakdown the details on where our membership resides we find some very interesting data.

- 99.83% or 7,858 members live in the good ole U.S.A.
- 93.6% or 7,359 reside on the West Coast States of Alaska, Washington, Oregon, California and Idaho.
- 87.11% or 6,845 members reside in the State of Washington
- 27.80% or 1,903 members still reside in the three zip code area that serve as the catchments area for Cleveland High School (98108,98118, and 98144)

At the close of 2008, we engaged a CPA, Jerry L. Clark '61 to conduct a financial review of our records for the past three years. In a letter dated February 17 to the Board of Directors and Alison Sing, he reported the following:

1. I was very pleased to find the financial records in excellent order. Almost every item of expenses and donation received was properly documented and filed appropriately. Your level of detail is unusual and is to be commended.
2. I believe the Association has been well-served by Alison Sing as its Treasurer and steward of the financial process.

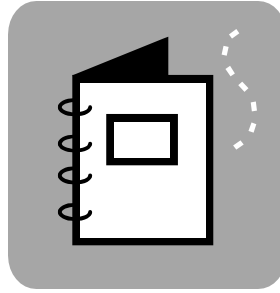

In closing, we hope you will take a moment to visit our web site to read the full report at <http://www.clevelandalumsea.org>. If you want a printed copy, please contact Alison W. Sing at 425-742-1782 (home) or via email: alisonwsing@comcast.net.

From 1996 through 2008, you have been well served by your past boards of directors and the officers that have led this organization. Each of them deserves your thanks and we in turn thank each of you who make up our organization and have generously donated in the past and hopefully will continue to donate in the future.

JoAnn Victor Smith '56 is the Membership Secretary and a board member since 1997. Alison W. Sing '64 is the outgoing Treasurer and a board member since 1998.

Board Reference Notebook – A new online version available (Summer of 2009)

By Alison W. Sing '64

In the past thirteen years, our board and officers have labored quietly and efficiently to build a functional organization that strives to fulfill the mission of our organization and be a good steward of our members' monies.

In May 2005, when we loss our long-serving Treasurer, Terence L. Wong '58, we realized that many of our operational procedures had not been written down nor had we cross-trained anyone to assume critical positions within our organization. This tragic wake-up call spurred me to begin organizing a board manual not only to educate our board members about our organization's operation but to develop a tool that interested members of our alumni association could learn about the history and the commitment made by past board members and officers to grow our organization.

Since, I began this process the "board reference notebook" that I warmly refer to as a "work-in-progress" has been updated three times. With each Annual Election of board members this nearly 400 page notebook has been given to each new member to help them understand the inner working of our organization.

What is new this time is that the entire "Board Reference Notebook" has been converted into a PDF document (Portable Document Format) that is easily accessible to all alumni members. This document is organized into 31 tabs and every element of our operation is detailed and featured under one of these tabs.

You can find copies of all our past board minutes, annual meeting minutes, newsletters, by-laws, articles of incorporation, etc on our alumni association website at <http://www.clevelandalumsea.org>.

We will continue the process of updating this document over time. Any errors, omissions, or topics can be remedied and fix. Please send any questions or suggestions to our board email address at chsaaboard@gmail.com or you may write me at alisonwsing@comcast.net.

Former Eagle named CFO of the Year

Dick Korpela named CFO of the Year

Lynden Executive Vice President and CFO Richard "Dick" Korpela was named CFO of the Year in the *Puget Sound Business Journal's* annual event. Nearly 50 chief financial officers were nominated for the award, and over 500 people attended the awards ceremony where Dick won in the category of "large, private" businesses. He was honored at a banquet February 28 in Seattle with his wife Harriet, two sons and several Lynden co-workers in attendance (see photo above).

Dick joined the company in Lynden, Wash. in 1975 during construction of the Trans-Alaska oil pipeline. Lynden had about 300 employees then in contrast to its more than 2,000 today.

"Dick's steady guidance and tireless hard work during the past three decades has allowed us to grow from a small Alcan Highway trucking company to an international transportation and construction company," says President Jim Jansen. "We are

grateful for Dick's leadership, hard work and integrity."

The judges were looking for financial performance, but they also wanted someone who contributes to the company's strategic direction. Dick was among the few elite financial strategists chosen. In Dick's nomination from his colleagues at Lynden, he was recognized as a financial steward, strategic contributor and civic leader.

Dick graduated from Cleveland High School in Seattle and worked his way through the University of Washington supervising fellow students at the mailroom of the Federal Reserve Bank in Seattle, pumping gas, delivering mail at Christmas and even driving a taxi 84 hours per week one summer. After entering the U.S. Army in 1967, he completed Officer Candidate School and was shipped to Vietnam. There he managed the army's largest direct support repair parts supply installation by day and led patrols by night as a platoon

leader. He returned from Vietnam with the Bronze Star with Oak Leaf Cluster and enrolled again at the University of Washington to earn his Master's of Business Administration (MBA).

He joined Lynden Transport Inc. in 1975 as controller and in three years had become the CFO, a position he still holds today. Lynden has grown tremendously during Dick's tenure. According to Jim Jansen, Dick's responsibilities have grown along with the company. He is directly or indirectly responsible not only for finances, accounting

and taxes, but legal, human resources, employee benefits, training, risk management and strategic planning. Dick started Lynden's first information technology capability as we know it today and continues to oversee IT and its advancements.

Dick and Harriet make an annual trek south to Mariner's spring training with their two grown sons. When the boys were young, he coached youth baseball and attending UW sporting events has always been a favorite family pastime.

"Not only is Dick a great CFO, he is a tremendous and patient mentor. He has trained and inspired several of us and built a very strong team for Lynden," says Everett Billingslea, vice president, administration and legal affairs. "Dick will be retiring this year, and the CFO of the Year Award is a fitting recognition in the final year of a remarkable career."

Any individual who has attended Grove Cleveland Junior or Senior High School is entitled to be a member of the Cleveland High School Alumni Association.

Volunteer Opportunities:

I would like to help build a strong alumni association,
I am interested in the following:

- I can serve on the Board.
- I can serve on a board committee -*Alumni Relations, Scholarship, Golf Scramble, Finance & Budget, Memorial Forest, Audit, Bylaws Review, and/or Nominations/Election.*
- I would like to help out with an event, activity, or a specific project.
- I would like to help in some other way.

Check out our Alumni Website at <http://www.clevelandalumsea.org> for the latest information on what is happening with the alumni association or our alma mater.

We want to hear from you! Please share a story or a memory that we can use in our next newsletter. If you would like, we can have someone call you for the details.

Alumni Passages: Please send copies of death notices and/or obituaries of former classmates to our Post Office Box mark attention - Membership Secretary.
